This boat has been maintained very well. We have been avid boaters for 14 years and have enjoyed our boats immensely. When we bought this Carver 4 years ago, we replaced the carpet, added the stove and oven, replaced the refrigerator, Electra-san, head and made several miscellaneous upgrades. Since we are leaving boating, we will be including the 10.5 ft AB dinghy with 25 horse Merc engine, power cords, adaptors, lines, fenders, and a supply of lifejackets.

The bottom paint is due to be done and we will pay for that and any blister repair.

Asking Price **\$79,500/offer**
